

## WHO ARE WE ?

**Vignerons & Patrimoine** is a company created in 2009 by 15 French "vignerons". We now bring together 20 family-run estates from all wine regions of France.

Authenticity, passion and sincerity are the driving forces behind our group. Created to counter the "standardization" of average wine, we seek to promote the wealth and breadth of French "terroirs", with an innovative, customer-friendly sized structure that is easy to understand, responsive, and most of all managed by the winemakers themselves.
